It's a wall saver...
with a sleep position.

Matteo 619-23 – Wall Saver sleeper recliner

By incorporating the wall saving feature to our popular Matteo Sleeper Recliner we have made this chair smaller and more suitable for smaller patient rooms. The Matteo Wall Saver Sleeper Recliner features a lever operated foot rest, and a back that effortlessly reclines to through an infinite number of positions, including a sleep position. It is available with a stationary or caster base and with all the optional features available for the Matteo Series.
